

The Stereo 41c

Introducing the English Acoustics Stereo 41c, an Evolution of Excellence. Taking inspiration from our acclaimed Stereo 21c, this amplifier incorporates the same key safety features and renowned sound quality.

Crafted exclusively in Britain, the Stereo 41c showcases our bespoke transformer and circuitry design, ensuring exceptional performance. Its automotive painted steel chassis, CNC-machined billet end caps, and meticulous attention to detail mirror the precision of watch making, resulting in a perfect harmony of aesthetics and sound.

Experience the distinctive quality that defines our amplifiers with the English Acoustics Stereo 41c. It is a testament to our commitment to delivering unparalleled excellence in every aspect of audio reproduction.

Main Features and specifications

Main Features include:
